Council Turns Down Street Widening Plan

BUSINESSMEN'S PROPOSAL FOR BUYING OFF-STREET PARKING LOTS HELD UNDER ADVISEMENT

Lack of Materials
Delays Work on
Other Lot

A proposal to widen Narberth Ave. was turned down last night by the Borough Council Monday night after William S. Thompson, chairman of the Council Highway Committee submitted a plan drawn up by Damon and Foster, Borough engineers.

Council did, however, ban parking on the west side of Narberth Ave. from 7 A. M. to 6 P. M., between Haverford and Windsor Aves., effective as soon as appropriate signs are available.

The plan turned down by Council was first submitted to Council by the Narberth Business Council in February, and called for taking two feet from the west sidewalk of the street.

In April, the Business group returned with a new plan which called for widening the street by six feet, taking three feet from each side.

In making his recommendation, Thompson submitted a detailed plan of the work to be done, and the probable results.

His report stated: "Aside from the cost of the project, estimated at \$6,000, taking three feet from each sidewalk does not appear to be a practical measure from the standpoint of either automobile or pedestrian traffic."

"Furthermore, the widening of this one block, by six feet, would not solve any of the traffic problems in which the business Council and this Council is interested."

According to Thompson, the most widening the street would accomplish would be to provide one block in the business district in which more automobiles could stand.

He stated that the flow of traffic entering and leaving the block would be further hampered by new bottle-necks created on both Haverford and Windsor Aves.

Franklin L. Tinker, president of the Business Council, and Howard F. Cotter, past president, appeared at the meeting, and strongly favored off-street parking lots to relieve congested traffic conditions.

Tinker presented to Council a report on a survey being made by his group which included favoring off-street parking lots and willingness on the part of the merchants to divide the costs of the lot among themselves.

"Our group is not in favor of parking meters," Tinker stated, "and we feel that there are empty lots in the shopping area which could be used to advantage."

Cotter mentioned one lot which had been offered for parking, but as this was in a residential zone, it could not be used without changing the ordinance, an act that was not likely to occur, according to Walter A. Fox, president of Council.

The possibility of using the lot formerly occupied by the old barn building on Haverford Ave., for merchants and employees cars was brought up by Cotter.

"I understood that the lot was to be used for parking," Cotter said, "so far, there has been no effort made to condition it for such use."

George B. Supplee, Superintendent of Public Works in Narberth, stated that the lot can not be conditioned until materials are available.

"When it is leveled, Supplee stated, 'there will be room for ap-

Six Main Liners Named to County Safety Council

Plan to Start Driver's Training Course in Every High School

Six Main Liners are members of the Montgomery County Safety Council which was formed recently at a meeting in Norristown to conduct a campaign for highway safety and driver training.

All of them will bring to the Council, whose chairman is O. C. Bearcraft, head of the Pottstown Automobile Club, the backing of the organizations they represent.

Local Council members are Robert S. Scott, 695 Beacom Lane, Merion, of the Manufacturers' Association of Montgomery County; James L. Gardner, 7 E. Lancaster Ave., Ardmore, of the Montgomery County Bankers' Association; Robert M. Cameron, 105 S. Narberth Ave., Narberth, of the Automobile Club of Philadelphia; Roger B. Reynolds, 426 Montgomery Ave., Haverford, of the Montgomery County Bar Association; James J. Costello, 138 Elm Ave., Ardmore, of the CIO, Autocar Company; Hartley C. Gaffert, 7 Lancaster Ave., Ardmore, of the Pennsylvania Department of Highways.

The Council is made up of more than 30 members representing virtually every county-wide organization of Montgomery County. Council appointments were made by Montgomery County Commissioners Fred C. Peters, Foster C. Killgass and Raymond K. Mensch.

To Analyze Causes
As outlined by the commissioners at the Council's first meeting the Safety Council was formed to analyze causes of highway accidents with a view to their prevention.

Last year W. J. Rishong, Montgomery County coroner, reported 174 fatalities in the County and of these 64 were highway accidents, 68 occurred in homes, 21 in public areas, 16 in industry, four in public transportation and one in agriculture. During the first four months of this year there have been 42 accidental deaths, 20 on the public highways.

Another objective of the Council is to place a course in driver training in every high school and follow this up with adult training.

Bearcraft told the Council members at their first meeting: "This is not going to be just another campaign but a crusade."

Freight Engineer Narberth Girl Takes Valedictorian Honors at Lower Merion High

Flames Fill Locomotive Cab as Train Passes Wynnewood Station

John W. Clark, 55-year-old Pennsylvania Railroad engineer, was fatally burned Friday afternoon when two high-voltage cables short-circuited in the cab of his electric locomotive and enveloped him with flames.

The accident happened as Clark's 56-car westbound freight train sped through the Wynnewood station at 50 miles an hour. He released his grip on the throttle and while two other trainmen beat at the flames the train automatically braked to a stop, finally halting near the Church Rd. bridge in Ardmore.

Clark was rushed to Bryn Mawr Hospital, where he died early Saturday. The men who tried to save him were treated for burns of the hands and feet. They were H. P. Saylor, 27, fireman on the train, and Leo Kolatko, 27, brakeman, both of Harrisburg.

Firemen from the Ardmore Fire Company put out the blaze before it spread to the freight cars. Westbound train traffic was delayed a half-hour until another locomotive was brought from Bryn Mawr.

Is Your Child Safe From Diphtheria?

This is the second of a series of four articles prepared by the Lower Merion Board of Health for its annual diphtheria prevention campaign.

Who needs protection against diphtheria? Most babies at birth have received from their mothers substances which protect them against the disease. These protective substances last for about six months and then in most babies soon disappear. After the age of six to eight months, three out of every four children are without protection and can catch the disease. Diphtheria is therefore a disease particularly of children, young children. Eighty percent of diphtheria deaths occur in those under five years old. Most of the deaths are in two-year-olds. Your babies are in danger. They need not come in contact with children having diphtheria in order to catch the disease. A healthy child or an adult, possibly even an animal pet, may carry in his throat the deadly germs which can infect your child.

Protect your babies. Every child that has passed the age of six months should be given the treatment which will make it safe from diphtheria. See your family doctor at once. The treatment is not expensive. If you cannot afford to go to a doctor, take your child, if under school age, to the nearest Health Center of the Community Health and Civic Association. These Centers are located at:

25 E. Athens Ave., Ardmore—1st and 3rd Thursdays from 2 to 3 P. M.
Bryn Mawr Memorial Grounds—1st and 3rd Fridays from 2 to 3 P. M.
Fire House, Narberth—1st and 3rd Wednesdays from 2:30 to 3:30 P. M.
Ashland School, West Manayunk—1st and 3rd Thursdays from 2 to 3 P. M.
Gladwyne Community Hall—1st Wednesday each month from 2 to 3 P. M.

Watch this paper for more information and advice!
Help us keep our Township free of Diphtheria!

Remember that within the last year there were four deaths from diphtheria in unprotected persons in neighboring municipalities. Also remember to have your babies vaccinated against smallpox.

Trustee Right to Buy Own Stock Questioned in Fidelity-Phila. Case

An opinion has just been handed down by President Judge Edward Leroy van Roden, of the Orphans' Court of Delaware County, in the estate of Jessica D. Catherwood, deceased. The amount of this estate as shown in the account filed is \$1,084,235.62. Under the terms of Mrs. Catherwood's will she appointed her son and her daughter and the Fidelity-Philadelphia Trust Company as trustees.

Mrs. Catherwood died in 1933 and in 1935 the trustees took over the management of the trust.

Upon the filing of the trustee's account, it appears that in 1938 the trustees purchased 40 shares of stock of the Fidelity-Philadelphia Trust Company at a total cost of \$12,255, and this stock was sold in January, 1942, for \$5,556.80, thereby resulting in a loss to the trust estate of \$6,698.20.

Albert Blumberg, an attorney with offices in Chester, was appointed Guardian and Trustee ad Litem of minor grandchildren and unascertained interests. He filed 28 exceptions to the account. Included in Blumberg's exceptions is the objection to the purchase of the stock in the Fidelity-Philadelphia Trust Company and the loss sustained thereby.

In Judge van Roden's opinion, he held that: "The question which is placed squarely before the court is whether, in Pennsylvania, trustees having broad powers of investment, may purchase shares of stock in the corporate trustee and hold the same as an investment of the trust."

First Postwar Scout Camporee At Valley Forge

Parents Invited to Saturday Night Camp Fires

Boy Scouts of Delaware and Montgomery Counties will hold their first post-war Camporee at Valley Forge Park from May 28 to May 30. Approximately 5000 Boy Scouts representing 514 units of the Valley Forge Council are expected to attend. Camporee chairman will be Maj. Gen. W. A. March (retired). General March is burgess of Norristown and an active businessman and Scout.

This outing is part of the Scout program to put the principles of Scouting into actual practice. Arrangements have been made through the co-operation of Park Superintendent Ralph Phillips and the Valley Forge Park Commission for each troop to be assigned to a definite area. They will be judged on camp layout, equipment, commissary, sanitation measures, organization and leadership, morale, discipline and attendance. The Valley Forge Council will make special awards to the troops who participate.

In addition to Camporee activities involving Scoutcraft and Scout skills, there will be several of the recreational fun-type that appeal to the spectator. Among these are the Camp Fire scheduled for the evening of Saturday, May 24, to which parents of Scouts and others are invited.

For Scouts and parents who wish to attend, there will be both Protestant and Catholic church services Sunday morning.

Fresh water is to be provided by Supplee-Willis-Jones Dairy, which will supply a large milk tank truck for that purpose. Other conveniences and safeguards arranged by the committee are a mobile Red Cross Unit with the Lansdale Volunteer Medical Corps. Plans are being made for radio-telephone communication and Chief of Police Ray Sakers, of Ridley Park, will furnish maps which will designate the area assigned to each district.

KNOW YOUR STATE

VACATIONS IN PENNSYLVANIA

The Pennsylvania Department of Commerce spends every year thousands of dollars in advertising the attractions of the State to summer and winter tourists from other parts of the country. It has succeeded in attracting hundreds of thousands of visitors from outside, our State's borders, so that Pennsylvania is today one of the leading vacation areas in our country, with estimated yearly receipts from tourist travel of more than four hundred million dollars.

Yet many Pennsylvanians are still unaware of the great variety of advantages afforded by the hills, lakes, waterfalls, resort areas, and public parks of the Commonwealth.

The State park system provides unique attractions for people who wish to enjoy outdoor life in the summer at a minimum expense. Pennsylvania maintains 18 State parks with a total area of nearly 60,000 acres, 31 State forest parks and 45 public picnic areas. In 13

of the State's forest parks, cabins are available for family use at a cost of from \$7.00 to \$15.00 per week. In the Cook Forest, which contains one of the largest remaining stands of virgin forest, family cabins may be had from \$40.00 to \$25.00 weekly. Applications for the use of these cabins, and literature describing their advantages and facilities, may be had from the Bureau of Parks of the Pennsylvania Department of Forests and Waters, or from the Pennsylvania Department of Commerce, Vacation and Recreation Bureau.

In addition to the State parks the Commonwealth has taken over from the Federal Government five recreation demonstration areas which were originally designed for group camping. In one of these areas at French Creek, during the year of 1946, many thousands of persons were provided with overnight or group-camping facilities. The adjoining picnic area was visited by more than 300,000 persons.

Blue Cross Opens For New Group

The Associated Hospital Service of Philadelphia this week announced an extension of Blue Cross hospitalization to admit thousands of new subscribers who hitherto were not eligible.

Starting today and continuing until June 15th, self-employed persons, the retired and the unemployed, may obtain Blue Cross protection, providing they are under 66 years.

Previously, they were not able to enroll because enrollment in Blue Cross has always been limited to groups, as in large and small industries.

For the first time, individuals, not eligible for group membership, may enroll directly now.

"We have long felt the need to extend the hospital protection," said Thomas S. Gates, Jr., president of Blue Cross.

"Thousands of persons who want and need this safeguard have asked to be admitted to Blue Cross membership."

"We are gratified that at last we are able to welcome them into the plan."

Some 1,125,000 persons are covered by the non-profit Blue Cross Plan in this area. There are 66 member hospitals.

This non-group plan was the second extension Blue Cross has made in its service in less than a month. New benefits, including emergency accident care, were recently announced.

With today's announcement, the doors are opened to such people as authors, domestic help, farmers, small merchants, unemployed widows and their families.

They need hospital care, too, said Gates. In fact, Blue Cross' experience is that non-group members are more prone to need hospitalization than group members.

Mary Boland, the Queen of Confidence, is coming back to the theatre in a new comedy called "Open House" — and without her confidence! This will be her first stage appearance since she, Bobby Clark and Walter Hampden were seen in the Theatre Guild's notable production of "The Rivals." At that time she was hailed as the greatest Mrs. Malaprop of our time, but ever since she's been seen only in motion pictures, such as "In Our Time" with Ida Lupino, "Pride and Prejudice," "The Big Broadcast" and other well-remembered films.

In "Open House" which will play for only one week at the Locust Street Theatre, Philadelphia, beginning Monday, May 26th, prior to a summer run in New York, Miss Boland is pulling a switch in her comedy techniques. Heretofore she has delighted audiences with her brash, not to say loud, characterizations of ladies of colossal self-assurance. Now she's going to be a timid Mary Boland, which will surprise her admirers, and probably delight them.

Some attempts to build heavier-than-air craft were made by Otto Lilienthal as early as 1891 (glider), and Samuel P. Langley in 1892. The Wright brothers were successful December 17, 1903.

estate, in the absence of express authorization by the testator so to do; and where a loss is sustained thereby whether the trustees will be surcharged therefor."

Judge van Roden went on to state that:

"We have not been able to find any decisor of any court in this Commonwealth directly holding that co-trustees having broad powers of investment may or may not, under any circumstances, reinvest in the stock of the corporate trustee. Therefore, the importance of the problem presented is manifest, and we cannot avoid, nor should we attempt to evade, the direct and clearly defined issue before us in this case. We need not now consider the question of skill, care or prudence in making the investment. Is such a transaction itself improper to the extent that it should be considered as prohibited by law?"

"In the case at bar, it is true that the will permits the trustees to invest in so-called 'non-legal' securities. But the power to invest in 'non-legals' does not confer upon the trustees the right to invest in 'illegals'."

In the opinion, the court surcharged the trustees to the extent of the loss which was sustained in the sum of \$6,898.20, holding that "it is the opinion of this court that the purchase of the shares of stock of the corporate trustee, as an investment of the trust estate, in the absence of express authority from the testatrix so to do, coupled with the fact that the decedent did not own any stock of the corporate trustee, was highly improper and in violation of the law."

Included among the reasons given by the court for this decision, Judge van Roden stated:

"In addition to the interest of the corporate trustee in the maintenance of the market value of its shares, there is also grave danger that a corporate fiduciary might utilize the device of stock ownership in its fiduciary capacity to effect or attempt to achieve a perpetuation of the same management of the corporation, primarily for the benefit of certain officers rather than for the benefit of the trust estates involved. There is also the danger that corporate trust officers who may themselves be shareholders might be tempted to attempt to influence the market value of the corporate shares by manipulating sales to or from trust estates under their control."

URGE RENEWED EFFORT
IN CANCER DRIVE

While the goal of \$365,000 set for Philadelphia and Montgomery counties for the 1947 Stop Cancer Campaign is still far from being attained, leaders of the drive are confident that the quota will at least be approached before the solicitation period ends on June 1.

Efforts to gain additional employee solicitations in business firms and industries were intensified during the past several days with good results reported by Henry W. Gadsden, chairman of the business and industry group, and Stuart V. Smith, head of the corporations division.

Walter W. Buckley, chairman for the Montgomery County division of the drive, urged his workers to redouble their efforts in their various communities during the remaining days of the campaign.

Isaac Lauber
Felled by Fumes

Funeral services for Isaac Lauber, 328 Cherry Lane, Merwood, who died Saturday when escaping coal gas fumes flooded his home, will be held at 2 P. M. today, from the funeral parlors of David G. Frankenstein, 317 North 52nd St., Philadelphia. Interment will be in Arlington Cemetery.

Mrs. Marie Lauber, 54, his wife, and their daughter, Gloria, 14, were partially overcome by the fumes, caused by a defective flue.

Mrs. Lauber told Deputy Coroner John J. Stretch, Jr., that the family lighted the furnace fire Friday night because of the chill, and went to bed about midnight.

She awoke about 5:30 A. M., she said, and with great effort managed to drag herself from bed. Unable to rouse her husband she entered her daughter's bedroom and awakened her. "Your father is dead," she told Gloria. "Get up quickly, the house is filled with gas."

Despite the fumes, she then telephoned another daughter, Mrs. William F. Clarke, who called Dr. Philip De Long, of Wynnewood. In the meantime neighbors called Haverford police. When they arrived, they found Dr. DeLong had revived the two women, opened the windows and extinguished the fire in the furnace.

Police took Mrs. Lauber and Gloria to Bryn Mawr Hospital. Dr. DeLong, who said that Lauber was undergoing treatment for a heart ailment, said he was unable to determine how long he had been dead.

Mr. Lauber was a salesman for the Independent Twine and Yarn Company. Gloria is a student at Haverford Junior High School.

Memorial Poppies

Mrs. Frank Schrepfer Issues Appeal to Narberth

Organization of a large corps of volunteer workers to distribute memorial poppies on Poppy Day, May 23rd, was announced today by Mrs. Frieda Schrepfer, Poppy Chairman of Harold D. Speakman Unit of the American Legion Auxiliary. "More than 30 members of the Auxiliary have offered their services as poppy workers," she said.

The Poppy Day volunteers will be formed into teams and assigned to various locations in Narberth. They will be on duty throughout the day offering poppies to be worn in honor of the dead of both World Wars and receiving contributions for the welfare of disabled veterans and dependent families of veterans.

"The response to the call for volunteers for Poppy Day duty has been very gratifying," said Mrs. Schrepfer. "Distributing the poppies is hard, unaccustomed work for most of our women and they deserve the highest credit for this patriotic service."

"This year we will have many younger women, wives and sisters of World War II veterans and women who were in service themselves, distributing poppies for the first time. By their sides will be working older women, wives of World War I veterans and mothers of veterans of the second conflict, for whom Poppy Day duty has been an annual service for many years. All will be giving their services to make the observance of Poppy Day a complete success in Narberth."

Numerous Features Scheduled At Devon Horse Show May 27-31
The culmination of months of work by hundreds of men and women along the Main Line will be evident when one of America's biggest and most distinguished horse shows gets underway.
The 51st annual Devon Horse Show and Country Fair will open on May 27 and continue through May 31.
Some 400 champions of the show-ring from eighteen States of the Union have been entered in the 120 classes that will be held during the five days. A rich prize fund of \$25,000 has attracted the top-flight winners of the horse-show circuit.
William H. Ashton is chairman of the horse-show committee, and Mrs. Herman K. Grange is the chairman of the Devon Country Fair, the colorful and picturesque village in which spectators and exhibitors may find food, diversion, well-stocked shops and recreation for all ages. The entire proceeds go to Bryn Mawr Hospital.
Many special features will highlight Devon week. On Thursday, May 29th, there will be a parade of "horseless carriages" in the ring. Members of the Antique Automobile Club of America, whose president is Thomas McKean, will drive a historic collection of autos ranging in age from 1903 to about 1919.
Memorial Day, Friday, May 30th, is to be designated as "U. S. Naval Reserve Day," with Vice Admiral J. L. Kauffman, Commandant, Fourth Naval District, U. S. Naval Base, and Mrs. Kauffman, as guests of honor. During the day, a concert will be given by the Valley Forge Military Academy Band.
Daily fashion shows will be staged by Bonwit Teller during the luncheon recess, with informal modelling on the grounds at other hours.
The horse-show classes are scheduled to begin at 1 and 8 P. M. each day. The Devon Country Fair, however, opens at noon to cater lunch to those who want to make a visit to the show a day in the country, and the Children's Classes on Saturday morning, at 9 A. M.
In addition to the \$1,000 stake classes to be held at each session—there are nine in all—there are others for \$500, \$300, \$250, including the \$100 in and out Devon stake, winner take all.
Some of the greatest competition is to be expected in the challenge trophies classes. The prize entries from Mrs. Frances M. Dodge's Rochester, Mich., stables, will be back to try to capture permanently one of the major trophies on which they scored a second leg at the 1946 show. This is the My Golden Dawn trophy donated by Mrs. Jane Gordon Fletcher.
Three other challenge trophies, the Brian Boru, the Newbold Ely Hounds and the Dicksfield Farms, are seriously threatened by Mr. and Mrs. George Greerhaigh's prize equines from their Springbury Farms, Berryville, Va., which have been entered for the 1947 show.
Contingents of turf champions from this State will be shown by Brig. General and Mrs. Charles E. Lyman, of Pocopson, Pa.; Betty Jane Baldwin, who will again ride her famous "Brandywine;" Crebilly Farms, which is owned by James K. Robinson, of West Chester, Pa.; Sweet Briar Farms, of Penn's Park, Pa., and many others. Vernon G. Cardy, of Montreal, Canada, has entered thirteen horses, while another string will arrive from the stables of Mrs. Sally J. Sexton, of Granville, Ohio.
As previously announced, George B. Elliott, of Toronto, Canada, will judge the horses and ponies in harness! Mr. Arthur Roberts will do the saddle sorses, saddle breeding classes, walking horses and roadsters; Mr. Christopher Wadsworth, of Kenmore, N. Y., and Mr. Arthur McCahin, of Green Farms, Conn., are to judge the hunters, and Mr. Paul W. Butler, 3d, and Col. John T. Cole, U. S. A., the jumpers.

WESTGATE HILLS A. A. TO PLAY COATESVILLE
Coatesville A. A., winner of the Philadelphia Daily News tournament and Eastern Pennsylvania representative in the State softball championship at Erie last season, will visit the Westgate Hills All-Stars on Sunday, May 18.
As a member of the 31-State League, Coatesville has always given the fans some top-notch baseball and they're looking forward to the Sunday clash with a great deal of optimism. They have secured the services of a speedball artist, and opposing them will be the outstanding pitcher in these parts, left-hander Jack Walsh.
It is Westgate's desire to bring the best talent available to Haverford Township and games have already been booked with such teams as Lancaster, Reading, Easton, Bethlehem, Allentown and Atlantic City, all games to be played on a home-and-home basis.

HAVERFORD BOWLER 2nd IN L. M. TOURNEY
Carl Ruckert, Upper Darby High bowler who owns a 389 average in the Chester Major League, captured the fourth annual Lower Merion High School invitation tournament at Ardmore Recreation Center Saturday.
Ruckert, a member of the Upper Darby team that won Philadelphia district laurels, rolled 1199, just one pin less than a 200 average, for the six games in the semifinals and finals. He had topped the 24 semi-finalists with a 641 series.
In second place was Dan Spada, of Haverford, who had 1138, including a 220 game in his final attempt. Ed Chransowski, West Catholic, captured third with 1120.

Mack to Direct Delco Baseball

Ray Mack, of 151 W. Drexel Ave., Lansdowne, an avid baseball enthusiast, has been named commissioner of junior baseball in Delaware County by Matthew J. Zabitzka, Delaware County Juvenile Probation Officer, who organized and heads the County Sandlotters' Association.
Mack, who is now executive director of the EDCO Junior and Intermediate Leagues, will line up other leagues in the Eastern section of Delaware County with the Sandlotters' Association. The leagues must all adhere to the same rules adopted by other leagues, junior and intermediate, throughout the county to be eligible to participate in the county-wide playoffs at the conclusion of the campaign.
Last year Drexel Hill won the Eastern Delaware County Junior championship and went on to defeat Parker Aces, of Chester, the Western Delaware County champions, for the county title.
There was no Association of Intermediate Leagues last season.

SPECIAL PERFORMANCE OF BIZET'S "CARMEN"
Bizet's melodious "Carmen," probably the most popular of all operas as well as one of the most colorful and exciting in the whole repertoire of the lyric theatre, will be staged by the Philadelphia La Scala Opera Company at a special post-season performance in the Academy of Music, Broad and Locust Streets, on Tuesday evening, May 20, at 8.15.

Non-operating railroad unions are demanding still another raise of

\$568,000,000.00 a year

MR. & MRS. CONSUMER **MR. SHIPPER & MR. FARMER** **MR. & MRS. PASSENGER**

You would foot the bill!

Look out! There's another big railroad wage demand headed your way! The non-operating unions alone—whose members do not actually operate trains—are demanding a flat increase of 20 cents an hour. These demands would cost the railroads of the country five hundred sixty-eight million dollars a year!

Last year these employees had an increase of 18 1/2 cents an hour. This was their third major wage increase since 1939. Their average weekly pay has gone up 75%, as against a cost-of-living rise of 54%.

Since 1939, railroad wage and material costs have gone up more than three times as much as freight rates, and five times as much as passenger fares. That is why in 1946, with the largest peacetime traffic in history, the net income of railroads went down to the equivalent of only 23 1/2% of the net property investment.

What About 1947?
Even with the recent freight rate increase, preliminary figures indicate that the railroads will make only about the same low return in 1947 as in 1946. This will be because:—the wage increase made in 1946 will be in effect for all of 1947;

—special payroll taxes on railroads have recently been increased; —and passenger traffic has declined.

Where Would the Money Come From?
We can't pay out what we don't take in. And we are not taking in enough now to meet present costs and to complete the improvements in service that you need and that we want to give you.

You Would Foot the Bill!

Haverford High, L. Merion Nines Meet Monday

Haverford High and Lower Merion baseball teams, despite heart-hammering victories over the past few days, still are frantically but futilely pursuing the undefeated Abington nine.

Lower Merion will return to action on its Ardmore diamond next Monday, meeting Haverford for the second time this season. The following day Haverford will play at Friends Center and Lower Merion meets Norristown at home on Thursday, May 22, in its concluding Suburban Section One game.

Hubert Smith, who was a third-stringer last season, hurled Haverford to a 1-0 triumph over Upper Darby last Thursday. Arnold U. D. pitcher gave up only one hit. Al Kirk came up with two triumphs as Lower Merion mauled Cheltenham and Upper Darby. Kirk gave up only three hits to defeat Cheltenham, 4-0, registering nine strikeouts. Connie Mack, 34, grandson of the Athletics' leader, opened with a double in the seventh and scored the winning run when Ted Hoffman doubled.

On Monday, Kirk yielded five hits and fanned eight. In the sixth inning, with two out, Hoffman led off with a single and Len Shepherd doubled. Don Townsend followed with a single to score Hoffman with the winning run. Earlier, Shepherd had hit a second-inning home run and Townsend had singled, scoring on Bob DiMarco's single.

Gen Reeves' L. M. nine also scored a 6-0 triumph over Radnor in a postponed league game on Friday, as Bob Walters scored a 6-0 victory.

Lower Merion Track Team To Compete in PIAA Meet

As a result of its showing in the suburban championships at Norristown last Saturday, Lower Merion High's track team is conceded an outside chance of capturing the PIAA District One Class A title in the annual meet at Upper Darby High this Saturday.

The Ardmore Aces finished second to Norristown, scoring 31-13 points against 59-13 for the Eagles, as Upper Darby was displaced as champion. Chester was third with 27-18 points and Haverford High finished fourth with 22.

One record was broken in Class A competition, that being credited to Bob Hoffman, L. M.'s ace hurdler. Hoffman skinned over the timbers in 15.5 seconds to win the 120-yard high hurdles, erasing the mark of 15.8 seconds set by Howard Teaf, of Lower Merion, last year.

Winfield Brown, of Norristown, won the 100-yard dash in 10.4 seconds, after L. M.'s Bernie Stephens had taken the opening heat in 10.7. In the finals, Haverford's Russ Hess was third.

Haverford's Bob Schlenz, repeating his Delaware County conquest at Lansdowne the previous week, won the half-mile in 2:04.8, and L. M.'s Jack Graham was second in 2:05.1. Chester won the mile relay, followed by Haverford and Upper Darby.

In the field events, Haverford's Bill Spencer won the high jump with a leap of 5 feet 5 inches, and the Ford's Phil Donatelli tied Don Jacko, Chester, for second in the pole vault.

Nunan-Slook Post No. 338, of Oakmont, displayed the form that carried it to the Eastern Delaware County American Legion League baseball championship last year, in its opening games.

Joe Petron's tossers triumphed over Upper Darby, 10-0, in their opener at Brookline, as Martin hurled a two-hitter for the locals. Ed Williams led Nunan-Slook at bat with three hits, the Oakmont outfit scoring in every inning but the fourth.

In another abbreviated title, Nunan-Slook traveled to Collingdale and posted a 3-2 triumph by scoring the deciding run in the sixth. Ira Harnish hurled for the winners and gave up only three hits. His mates, led by Foley with a single and double, collected seven safeties.

4 VALLEY FORGE M. A. TEAMS PLAY SATURDAY
All four Valley Forge Military Academy spring sports teams will swing into action Saturday, with the track, tennis and golf squads competing at home.

Capt. Edwin McGill's baseball team will attempt to score the season's second triumph over Wyoming Seminary in a game at Scranton.

The combination should work out very well, as Mueller has had his club in the playoffs both years he was at the helm. In 1945, it was Hare's Brookline club that put Ardmore out of the playoffs and went on to win the title, so with the two of them working together, we can look for the local club to be in the thick of the championship fight throughout the season.

Most of last year's lineup is expected to be back. Clem Bevan, former Rutgers pitching ace and top man in the Ardmore staff last year, Able Becker, Narberth boy who came through with several outstanding victories, when they were sorely needed in the playoff drive, and Harry Whitney, former Haverford High mainstay, will handle most of the hurling, although Ardmore is seeking the services of a couple other hurlers.

Tim Falcone is expected to work behind the bat. Tim is small in stature, but does a good job of catching. Bill Henry, who divided his time between catching and playing the outfield last season, will probably give Falcone any necessary relief.

The infield is still incomplete. Fixtures will probably be Archie De Gioia, at first, who hit home runs in three consecutive games last year, and Larry Algeidinger at shortstop.

The only outfielder sure of his position is Joe DeFazio, veteran centerfielder. Manny Menendez and Bill Henry will man the other two outfield positions. Other candidates include Connie Plante, erstwhile Friends Central star.

THE SPORTS SCENE
By JACK FORD
Dr. Irwin R. Demar is a talkative gent who, when he isn't landscaping the moirs of assorted Haverford Township citizens, is vocalizing at almost any Main Line League baseball game.

The Llanerch dentist incurred the wrath of league officials by protesting the shifting of all Main Line to Narberth last season. And the good doctor had good grounds for his vehement protests, in this reporter's opinion.

Not satisfied with taking them to task with mouth and pen last season, Dr. Demar plans to return to the Main Line baseball scene Saturday. He'll be on hand as Eddie Hare's assistant manager when Ardmore encounters Narberth on the County Line diamond.

Doc has been a paying passenger aboard the Main Line League special for the past 15 years, except for a couple seasons back when he served as Hare's right-hand man and scorekeeper. That season, Hare piloted Brookline to the league championship. Doc isn't rightly certain whether his presence served as a good omen, but—willing to make any sacrifice for baseball—he's ready for an encore this season.

Demar previously played baseball and soccer at Southern High and later was a member of Temple University's boxing team.

URGE RENEWED EFFORT IN CANCER DRIVE

While the goal of \$365,000 set for Philadelphia and Montgomery counties for the 1947 Stop Cancer Campaign is still far from being attained, leaders of the drive are confident that the quota will at least be approached before the solicitation period ends on June 1.

Efforts to gain additional employee solicitations in business firms and industries were intensified during the past several days with good results reported by Henry W. Gadsden, chairman of the business and industry group, and Stuart V. Smith, head of the corporations division.

Walter W. Buckley, chairman for the Montgomery County division of the drive, urged his workers to redouble their efforts in their various communities during the remaining days of the campaign.

A similar plea was sent out by Mrs. H. Hoffman Dolan, chairman for the Main Line section of Montgomery County.

career woman!

Meet the greatest career woman of all! She doesn't manage a business, write novels, or sing over the radio. But her job's big and it's important—she runs a home!

What a job that is! In a year she washes more than 6 tons of dishes, cooks more than 1000 meals, wades through mountains of laundry.

The more Mom depends on electric service, the less work is in her housework. And how little electricity costs! A penny's worth a day will rescue Mom from the drudgery of dishwashing. A few more pennies daily will cook her meals. Electricity does her laundry for less weekly than the cost of a bar of soap.

And when Mom balances her budget, she's bound to note that electricity is one of its smallest items. Actually, the average family in the Philadelphia Electric Company area now gets twice as much electricity for its money as it did about 15 years ago. This bargain comes to Mom—and to you, too—through the practical experience of your friends and neighbors in this company, under sound business management.
